THANKSGIVING DAY

Thanksgiving Day this year, is for our town and district, a special one. The expected loss of our crop in early September, changed to a successful harvest, after wonderful late summer days. Yes, we have many reasons to thank Him who brought this sunshine over our fields and in our hearts. Let those places where our thankfulness will go up to the Eternity, be crowded on this coming Sunday. Then, after, it will be a real feast at all our homes, with traditional turkey and pumpkin pie.

NOMINATION DAY

September 26 was Nomination Day for two vacancies on the St. Albert Public School Board and one vacancy on the St. Albert Protestant Separate School Board. We regret that such an important day was insufficiently published, so that our citizens did not have a fair chance to be reminded of their democratic rights in our country. Poor publication of pure democratic principles and rights, unnecessarily creates bad feelings amongst our electors; it disregards the enormous value of free elections (the pearl of freedom in our western world); it causes a most unhealthy situation, by appointing candidates by acclamation; and it is also a bad service to our taxpayers who support, with their money, the different school districts. We hope the future elections will show promotion of Nomination Day by those public bodies and their members, who are directly involved in the results of such elections. Such a democratic attitude would be much appreciated by most of our electors, and would also clear a lot of hard feelings and bad taste.

(money) AWARDS

This is the time of year that the hearts of many boys and girls in St. Albert are beating faster with the excitement of getting an award from the results of the past school year. Our congratulations to those boys and girls who were the happy winners of any award. We noticed some "money" awards were presented to students in Grades 6 to 11 for their best academic results. We do not see why "money" should play any part in the appreciation of academic standings in the above mentioned grades. We are more than convinced that scholarships, where the money has to be used to further education, have done and are doing a wonderful job, by helping our outstanding students to increase their academic knowledge. But "money" awards for Grades 6 to 11, where the money does not have to be used for further education, brings such an academic award down to a lower standard. The honor to be best student should not be minimized to an ordinary "have a nice time" payday. Certainly there are students who will save this money for educational purposes, but most of them are using this money as an extra help in their weekly allowance. Some students even made up their budget a long time before the awards were given, because they knew the "money" awards would be theirs for sure.

Our general suggestion is that students from Grade 6 to 11 should not be honored with an ordinary "money" award, but with any other reward which would remind them for many years, of the high value of such an academic award. Why not present books, subscriptions or memberships in all kinds of educational and cultural fields?

LIFE IN A SHEIK'S HAREM

A wonderful treat was shared by many friends of Mr. & Mrs. Chuck Ryley, who entertained at a party in honour of her sister and brother-in-law, Mr. & Mrs. Harry Robertson, of Benghazi, Libya, on Saturday, September 22nd.

Mr. Robertson delighted all with color films and slides of Benghazi and the surrounding countryside. They visited with a real Arab Sheik, inside his tent. Picture records of a journey home, through Cairo, Beirut, Bahrain, Bombay, Bangkok, Hong Kong and Tokyo, the highlight of the evening, was given by Mr. Robertson, with a most interesting commentary. Mrs. Robertson told of a party that she had been to in an Arab harem, where she was expected to do a hip swinging dance like the others.

Those who enjoyed the pleasant party and excellent refreshments were: Mr. & Mrs. R. Deward, Dr. & Mrs. Nimmons, Mr. & Mrs. H. Jones, Mr. & Mrs. P. Jensen, Mrs. C. Huen, Mr. G. MacDonald, Mr. & Mrs. Barbeau, Mr. & Mrs. T. Tucker, Mr. & Mrs. J. Dobbie, Mr. & Mrs. G. Robertson, and Prof. and Mrs. Phibbs.

Dear Fellow Citizens:

I would like to take this opportunity to introduce myself, as I am standing as a candidate for School Trustee in the forthcoming election on Wednesday, the 17th of October.

I have been a resident of St. Albert for the past two years, and was formerly a resident of Edmonton for twelve years. I have one child going to school.

St. Albert is a rapidly growing community and more than half of the parents whose children are attending our schools have arrived in the past two or three years. It is my opinion that I can well represent these people as well as those who have resided here for a longer period of time.

As a businessman and a father, I am interested that we obtain the best education possible for our tax dollar.

I sincerely hope that all of you will vote on election day and see fit to elect me as your representative to the St. Albert Separate School Board.

Yours sincerely,
Charles W. Tennant.

ST. ALBERT COMMUNITY LEAGUE ACTIVITIES

Committees reported on the start of various activities. Mr. Brewster reported a very successful Bingo, and expects them to be bigger and better in the following weeks. Prizes offered are bigger and better than last season too.

All arrangements are completed for the start of Friday Night Dances, and Gaby Haas band is rarin' to go! A coffee bar will be open all evening.

Mrs. Fraser is busy preparing decoration and costume prizes for the Hallowe'en Masquerade. Music will be by the Combettes. Judges are being chosen with care. We hope to see a big variety of costumes to keep the judges confused. Square dancing is lined up to commence on Tuesday, October 16th. All Edmonton Square Dance Clubs are especially invited to attend the first evening. Square dancing will be in the Community Hall every Tuesday evening.

MINOR HOCKEY REGISTRATION

CURLING NEWS

Mr. Walter Sharplin has been appointed manager of the St. Albert Curling Rink to oversee the ice-making and generally get the curling season underway. Mr. Sharplin has had many years of experience; he was champion of the Royal Curling Club in Edmonton in 1953 and for five years was Secretary-Treasurer of the Camrose Curling Club. He has written a series of articles on curling published in several newspapers. The new manager will be "on the job" at the rink

every day, and can be reached for curling information at 599-7007.

In the next few days, utilities will be turned on, ice making will start, and the interior of the rink will receive a fresh coat of paint. The rink area has been surveyed by the firm of Walker-Newby, and levelling in necessary spots will help ensure perfect ice. The town has co-operated in replacing a needed water pipe in time to make the ice on schedule.

Applications for ice time are being confirmed this week to the large number of curlers who have requested ice. Some times remain open to applicants who can contact the manager for details.

Special low rates will be offered through the schools to children. It is hoped that a series of curling lessons can be started for interested beginners. Details of a planned square draw will be announced next week.

SCHOOL NEWS

A Grade 7 and 8 school boys' soccer league has been formed for the month of October in St. Albert, with three sch-

Both School Soccer Teams

ools participating - Mission Park Public School, Sir Alexander Mackenzie and Sir George Simpson Separate Schools.

The first game was played Tuesday at noon hour. Sir Alexander Mackenzie defeated Sir George Simpson by a score of 2 to 0.

The league was organized co-operatively among the three schools, and games of two 20 minute halves are played off during the noon hour, with each school taking its respective turn as host.

ATTENTION ALL SQUARE DANCE FANS

Now that we are enjoying Indian Summer, we all should realize that soon winter will be upon us once again, and most of us will revert primarily to indoor activities. If you know what fun square dancing can be, you have likely wondered to which group you should go back. If on the other hand, you have never given it a whirl, let us urge you to give it a try.

The opportunity is right here in St. Albert.

On October 16th, the local Square Dance Club, under the sponsorship of the Community League, will hold the first dance of the season in the Community Hall at 8 p.m.

Lunch will be served and admission of \$1.00 per couple is asked to defray expenses. We hope to make this another regular community activity for your enjoyment.

HIGH SCHOOL PLANS APPROVED

Plans have now been approved for the new High School to be located on the south side of McKenny Avenue east of Bishop Street.

The building will be a two storey structure of compact design. The property committee of the Board together with the architects, have spent many hours in order to come up with a design that incorporates maximum flexibility, economy in construction and maintenance, as well as a building that is completely functional. In order to accomplish these things, it was necessary to depart from the conventional U or L shaped building and the central courtyard types. On the ground floor the central core comprises of gymnasium stage, multi purpose room, and two classrooms. With the use of folding partitions, this area can be readily converted into one large lecture area. This means that the stage can serve two areas and a triple purpose, that of gym stage, lecture stage, and classroom. Since this area is on the ground floor and part of the central core, it will, of course, be without windows. It will, however, be supplied with emergency power which will switch on automatically in the event of a power failure. The central core on the upper floor will have skylighting. This will comprise of a classroom lab and two standard classrooms, all with folding walls. This will be used as a central math science area. The interior of both floors will be well supplied with fresh air with an air conditioning type system.

All interior walls will be non bearing to permit re-adjustment of space and design, as dictated by the curriculum. The official opening of the Sir George Simpson School will take place at 8:30 on October 12th, 1962. Because of the

connection between Sir George Simpson and the Hudson Bay Company, we have invited an official of that company to be our guest of honour on this occasion. We are pleased to say that Mr. I. Telmer has accepted our invitation.

HON. A.R. PATRICK TO SPEAK AT GRADUATION

Graduates of the St. Albert High School Class of '62 will be honored Friday night in ceremonies commencing at the St. Albert High School Auditorium, at

8:15 p.m. Prior to the formal ceremony, they will be guests at a banquet attended by themselves, their parents, and special guests, including the Hon. A.R. Patrick, who will later give the special address at the ceremonies. Academic and achievement awards for Grades 9 to 12 will also be made. The public are cordially invited to attend the ceremony. Afterwards, there will be a dance, sponsored by the High School Student's Union for which a small charge will be made.

NEW RESIDENT AT ALBERTA GAME FARM

A visit to Al Oeming's famed Alberta Game Farm is a rewarding experience when ever it is made. Our family took advantage of pre-registration of school children to spend the last Tuesday before school opening there, and a glorious day it was.

First came a short hike through the woods to various points along the small lake, which abounded in water fowl. At this time of the year, family cares forgotten, the birds were devoting themselves wholeheartedly to having a good time before taking off for sunnier climes.

Then lunch in the company of peacocks of assorted plumage was fun. What greedy creatures they are. We always thought they came in blues, but here are white ones, mottled ones, black and blue ones, and all the shades in between. They were moulting, which didn't add to their looks, but it provided one of the extra dividends of the day, a fine collection of peacock feathers to form a winter decoration when flowers are gone. Lunch disposed of, the main business of the day was at hand. We were trying to count up how many different species of animals we saw, but lost count. We had a few special favourites, though. There were the delicate little kit foxes with their dainty paws, and pixy faced martens, far too lovely to ever provide fur trimmings for ladies coats. Of course there was Twana, the supple cheetah, who

Alberta Game Farm continued from page 14

was raised by Mr. Oeming as a pet in his own home. A very young Sicilian Donkey caught our admiring eye. He was really too young to know what a bun was about, but he nuzzled it and our fingers in friendly fashion. We liked the Yak family too, with their long black hair sweeping the grass tops like fringed skirts. Did you know they grunt, almost like pigs? We saw the shy Musk-ox yearlings in the distance. They've been at the farm for over a year now after the

dramatic expedition into the northern wilds to secure them, to see if they can be raised and bred in our more temperate (?) climate to save them from extinction. The very nicest thing we saw though, was the farm's newest baby — a Grant's Zebra the very first one born in Canada. His parents came from Kenya three years ago as colts, and the new baby is the pride and joy of Mr. Oeming and his staff. He's a wonderful miniature copy of his parents, about the size of a police dog, only more slender, with sleek short coat, none of the fuzzy look of the domestic colt. His stripes are just as brilliant as those of the adult zebras. He had just been turned in to the past-

ure for the first time, and he was discovering the joys of kicking up his little heels in a series of short jumps and darts at shadows. His mother stayed very close to him, and Mr. Oeming told us she was a wonderful mother. His father was in the pasture too, still a little bewildered by the new addition to the family, and obviously feeling slightly left out of things. As we said, the zebra colt is the first one born in Canada, another first for the Alberta Game Farm, and another reason why Al Oeming has won international fame in his chosen field. We congratulate him on this and the many other impressive achievements to his credit at the Farm.
